

# Remove It. Clean It. DONE.

From paint and adhesives to grease and fillers, High Teck™ delivers sharp precision and deep-clean power.

## HIT.1009 High Teck™ Single Edge Razor Blades

High Teck™ Single Edge Razor Blades are a dependable, professional-grade solution for everyday shop tasks. Designed for precision and durability, these blades are ideal for paint removal, tape and adhesive cleanup, and cutting or trimming materials on hard surfaces.

### Features & Benefits:

- Ideal for paint, tape, and adhesive removal
- Perfect for cutting and precision trimming applications
- Durable aluminum back for added strength and stability
- Each blade individually wrapped in shelling paper for edge protection
- Packaged in a convenient, resealable storage box for easy access and safe storage

## HIT.9994 High Teck™ Professional Hand Cleaner 500ML

## HIT.9995 High Teck™ Professional Hand Cleaner 2.5L

High Teck™ Professional Hand Cleaner is a powerful, waterless formula designed to remove tough shop soils including grease, paint, epoxy, urethane, and polyester fillers. Engineered for performance and skin care, this advanced formula cleans deeply while helping protect hands from dryness and irritation.

### Features & Benefits:

- Waterless formula — simply work into hands and wipe dry
- Effectively removes grease, paint, epoxy, urethane, and fillers
- Contains pumice scrubbers to break down stubborn stains
- Enriched with glycerin, aloe vera, and lanolin to help prevent drying
- Tough on grime, gentle on hands
