

## TECHNICAL DATA SHEET & PROCESS GUIDE

An anti-silicone degreaser that removes contaminants including wax, grease and silicones. Easily remove contaminates like road tar, sticky adhesive residue and bugs. Wipes clean without leaving surface residue.

- Fast evaporating for localized repairs
- Formulated to avoid attack on existing paint films, especially those sensitive to solvents. Suggest limited exposure over sanded SMC/Fiberglass, TPO, EDPM and PPP plastics.
- Suitable for removing contaminates on all automotive substrates and existing paint surfaces

## APPLICATION GUIDE

### Mixing

Shake the aerosol can for at least 2 minutes before use.

### Application

- Apply generously to the area to be cleaned.
- While the panel is still wet, wipe with a clean dry cloth until the cleaner has been completely removed.

### Shelf Life

4 years subject to proper storage conditions.

Aerosol cans should be stored for two hours at room temperature before use. For long-term storage, keep in a dry, well-ventilated area away from direct sunlight and frost. To maximize the lifespan of your aerosol, always invert the can and spray it upside down for a few seconds after each use to clear the nozzle. Remove the nozzle from the can and soak it in gentle thinners if the nozzle becomes blocked.

Recommended Storage Temperature 41°F - 77°F

Recommended Application Temperature 68°F
